Last Rotary Meeting

Our last meeting was held face to face at the Berri Hotel and the service by hospitality staff was excellent as was the food. As President Peter was in Victoria, Past President Mary convened the meeting and welcomed the following guests to the meeting; Des & Kay Watts, Kane Watts, Kira Watts and Margaret Smith.

Our guest speaker, Kira Watts is a year 12 student at Renmark High School, gave us a report on her attendance at the National Youth Science Forum program this year. The club part sponsored Kira in the program and from the presentation given by Kira we were certainly pleased at providing that support.

Unfortunately due to Covid constraints, the program was changed four weeks before the event and was provided entirely by electronic means. That meant that Kira did not get the personal impact of meeting Scientists face to face. Hopefully later this year NYSF may be able to set up some face to face events.

Kira mentioned that the program was very intensive over 10 days and covered Biological, Forensic and Genetic sciences. Kira had the opportunity to speak with other students on her ideas as well as their approaches to science.

Initially Kira had a leaning towards Forensic science but after attending the program she is undecided the direction that she may take after year 12.

Thanks Kira for an excellent presentation particularly following an electronic participation in the NYSF program.

Past President Mary then made a presentation to Past President Des Watts in recognition of his lengthy service in Rotary. In addition to the over 45 years of service, we were reminded of the many trips around Australia and Overseas that Des was able to participate in recent years. WELL DONE Des.
